SUMMARY

Backend Developer | Full-Stack Web Developer

Results-driven backend developer with 4 years of experience in building and optimizing scalable web applications. Proficient in Django, MySQL, and API development, with a strong focus on performance, security, and maintainability. Skilled in integrating third-party APIs, developing robust database architectures, and implementing real-time features. Adept at full-stack development with expertise in HTML, CSS, Bootstrap, and JavaScript. Passionate about solving complex technical challenges and delivering high-quality software solutions. Currently seeking remote backend development opportunities to leverage expertise in building secure and efficient web applications.

TECHNICAL SKILLS

Django, Django REST Framework, Python, Git, GitHub	MySQL, PostgreSQL, API Development & Integration, cpanel	Authentication & Authorization (JWT, OAuth) HTML, CSS, Bootstrap JavaScript (Fetch API)
---	---	--

PROFESSIONAL EXPERIENCE

Backend Developer | Freelance & Personal Projects Jan 2023 - Present

- Designed and developed scalable backend systems using Django and MySQL, optimizing database queries for performance.
- Built a CBT software with user authentication, exam uploads, and result tracking, ensuring data security and efficient processing.
- Developed a private club website, implementing secure user verification (email & phone), event ticketing, and a favor-exchange system.
- Integrated third-party APIs, such as Stream Chat API, enabling real-time messaging while ensuring messages are stored securely.
- Engineered a gold-selling platform, allowing companies to list products with a 5% commission model, managing payments and transactions securely.
- Implemented RESTful APIs for various web applications, enabling smooth frontend-backend communication.
- Managed VPS deployment, configuring Namecheap VPS, Nginx, and Gunicorn for production environments.
- Utilized Git and GitHub for version control, ensuring smooth collaboration and project tracking.
- Enhanced frontend components using HTML, CSS, Bootstrap, and JavaScript, ensuring responsive UI where necessary.
- Optimized web performance, applying caching techniques and query optimizations for efficient backend processing.

EDUCATION

Bachelor of Science (BSc) in MATHEMATICS in progress **Dec 2022 - june 2026**

ondo state university of science and technology

ADDITIONAL INFORMATION

- Languages:** English(fluent),

SOFT SKILLS

- Problem-solving
- Team collaboration
- Effective communication
- Time management

HOBBIES & INTERESTS

- Open-source contributions
- Technical blogging
- Learning new backend technologies
-
